Rest in Peace. Amen.
During the month of November, the Church prayerfully remembers the Holy Souls of our beloved dead.
Parishioners are invited to bring photographs of deceased family members or friends to grace our remembrance shrine.
Place them on the display in our Sanctuary at both churches.
Label the back of the photo with your name and phone number as all photos will be returned at the end of the month.

In the charity of your prayers,
especially during this month of November,
please remember the souls of all of our dearly departed family & friends
who have gone home to God.
May they rest in Christ's eternal light and peace.

Saint Charles Borromeo

1538 — 1584
FEAST DAY — NOVEMBER 4

Though Charles suffered all his life from a speech impediment, his intelligence and zeal made him an outstanding figure of the Catholic Reformation. In 1560, he was named a cardinal and administrator of the Archdiocese of Milan by his uncle, Pope Pius IV, but was kept in Rome to assist with the reconvened Council of Trent. He helped draft the council's catechism and liturgical books, and in 1563 was ordained a priest and bishop. Finally, in 1566, he was allowed to go to Milan, where he worked tirelessly to reform priestly training and lay catechesis. He also exhausted his own funds to provide relief during periods of famine and plague. He is the patron of seminarians and catechists.

A STUDY COMMISSIONED by the Knights of Columbus revealed that 75% of Catholic young people who had seriously considered religious life felt they were never encouraged to pursue that goal. Do you know someone who would make a good priest? Why not tell him so? Your encouragement may be all he needs.

On All Souls' Day, let us help and commemorate our dearly departed. If Job's sons were purified by their father's sacrifice, why would we doubt that our offerings for the dead bring them the same consolation? Let us not hesitate to help those who have died and to offer our prayers for them.

God our Father, Your power brings us to birth, Your providence guides our lives, and by Your command, we return to dust.

Lord, those who die still live in Your presence, their lives change but do not end. I pray in hope for my family, relatives and friends, and for all the dead known to You alone.

In company with Christ, who died and now lives, may they rejoice in Your kingdom, where all our tears are wiped away. Unite us together again in one family, to sing Your praise forever and ever. Amen.

We wish to thank all our parishes for their generosity during our Tootsie Roll Drive weekend. Between our weekend at Goretti's and our church weekend we were able to contribute $2,872 towards those with intellectual disabilities and for the Special Olympics. God Bless you all.

To the men of our Parishes, we invite you to join our COR Initiative as we learn and understand more about our Catholic faith. Helping us to become better and stronger Catholic men. You have two opportunity to come and see what COR is all about. We meet for one hour: on the first Sunday of the month at 9am at St. Mark's rectory. On the second Saturday of the month we gather at the rectory/office of St. Brigid at 8am. Come for some fellowship and the experience will have you wanting to come back for more. May the Holy Spirit guide you in your decision. Amen!

May God's peace be with you all,

Vote NO on Question 4: Legalizing Psychedelic Drugs

This Initiative Petition "...is Reckless, Irresponsible and Dangerous to the Public."[1]

Stop Big Money's National Rollout of Recreational Drugs…Now Targeting MA Citizens

In Nov., MA voters decide on Q4: *Limited Legalization & Regulation of Certain Natural Psychedelic Substances* [2]

Be Aware of the Deceptive Drug Legalization Playbook: Medical → Recreational → Commercial

This profit-driven initiative petition is backed by Big Money, wealthy elites, and corporate donors–not grassroots interests. Washington DC-based New Approach PAC has invested over $26 million to legalize recreational drugs in strategic, coordinated nationwide campaigns over the past decade, including $8 million in funding targeting Massachusetts voters. [3], [4], [5], [6], [7]

Oregon and Colorado led the way in legalizing medical marijuana, followed by recreational marijuana. Massachusetts then followed suit. The same playbook is now being used for psychedelics. The New Approach PAC that funded the efforts to legalize psychedelics in Oregon (2020) & Colorado (2022), citing medical use, is now trying to legalize psychedelics in Massachusetts, raising over $4 million for this campaign. [3]

"Clinical treatments should be determined by scientific evidence…not by ballot initiatives or popular opinion."
– The American Psychiatric Association [8]

If Question 4 Passes

- It will legalize the use of 5 psychedelic drugs: psilocybin, psilocyn, dimethyltryptamine, mescaline, and ibogaine. [2]
- It will legalize for-profit psychedelic facilities with no ability for towns to ban these facilities. [2]
- It will allow psychedelics to be grown at home and given away to others (effectively creating a black market). [2]

Why You Should Vote NO

1. Experts Sound the Alarm

- **Massachusetts Psychiatric Society** President and President-Elect testified before the Special Joint Committee (MA Legislature) that this psychedelic initiative petition "…is reckless, irresponsible, and dangerous to the public." [1]
- **Massachusetts Medical Society** "[These drugs] have been documented to cause psychosis (both new-onset psychosis and exacerbation of psychotic symptoms), mania, and new-onset mania in persons with no previous history of bipolar disorder, and mental health symptoms that may be long-lasting after ingestion." [9]
- **Majority Report of the Special Joint Committee on Initiative Petitions (MA Legislature)** concluded, "These promising findings, however, have not provided evidence that the wide scale recreational legalization of these substances would be beneficial, let alone safe." They do not support this initiative petition at this time. [1]
- **Journal of Psychopharmacology article** notes psychedelic studies "are limited by biases & small sample sizes." [10]
- **American Psychiatric Association** stresses "There is currently inadequate scientific evidence for endorsing the use of psychedelics to treat any psychiatric disorder except within the context of approved investigational studies." [8]

2. Mental Health and Public Safety Risks

- Legalization reduces perception of harm and increases youth drug use. [11]
- Psychedelics can alter perception of reality and can cause extreme feelings of euphoria or despair. [12], [13], [14]
- Psychedelics can worsen or intensify mental health issues, particularly for people with certain pre-existing mental health conditions, including schizophrenia and bipolar disorder. [9]
- The petition includes:
  - NO requirement for licensed facilitators to be mental health professionals or for facilities to be medical clinics. [2] [9]
  - NO requirement for a mental health professional to provide patient counseling, support, or accompaniment during attempts to therapeutically employ psychedelics for psychiatric conditions, something that preliminary studies have indicated may be critical if such medical use is ever to be helpful. [2], [9]
  - NO requirement for medical screening or supervised use for home-grown users. [2]
- Legalization creates new public safety concerns around impairment while driving or operating heavy machinery. [12]

Only professionally licensed medical or mental health facilities, under the strict supervision of a physician, should be able to engage in medical or experimental use of psychedelics.
